The Public Safety Committee toured the limits of the Brevard Fire Department's Fire District on August 16th, 2016 at 5:30 PM. The tour was used to improve the Committee's understanding of the size of the district and to gauge the need for a future Fire Station. An additional Fire Station would improve response times and lower fire insurance costs for homeowners. No action was taken at this meeting.

The tour was completed at 7 PM on August 16th, 2016.
